

# Global Modelling of the Space Weather Chain

Aalto University, 24-28 October 2016

**A!** Aalto University  
School of Electrical  
Engineering

**R-kiosk:** This is a chain of small convenience stores you will commonly see around Finland. You can buy many things here from mobile phone SIM cards and HSL travel passes to food and drink.

**WIFI:** The WIFI on campus is open. You can connect to the network named Aalto open. This will be available in the room (T3) and also across campus.

**Campus Restaurants:** There are many restaurants on campus; we have included a map of these. However for convenience we suggest using the ones in the T-building itself, which are Sodexo and Subway. Please ask one of the local committee members for other suggestions on campus.

**Emergency contacts:** The number for emergency services in Finland is **112**.

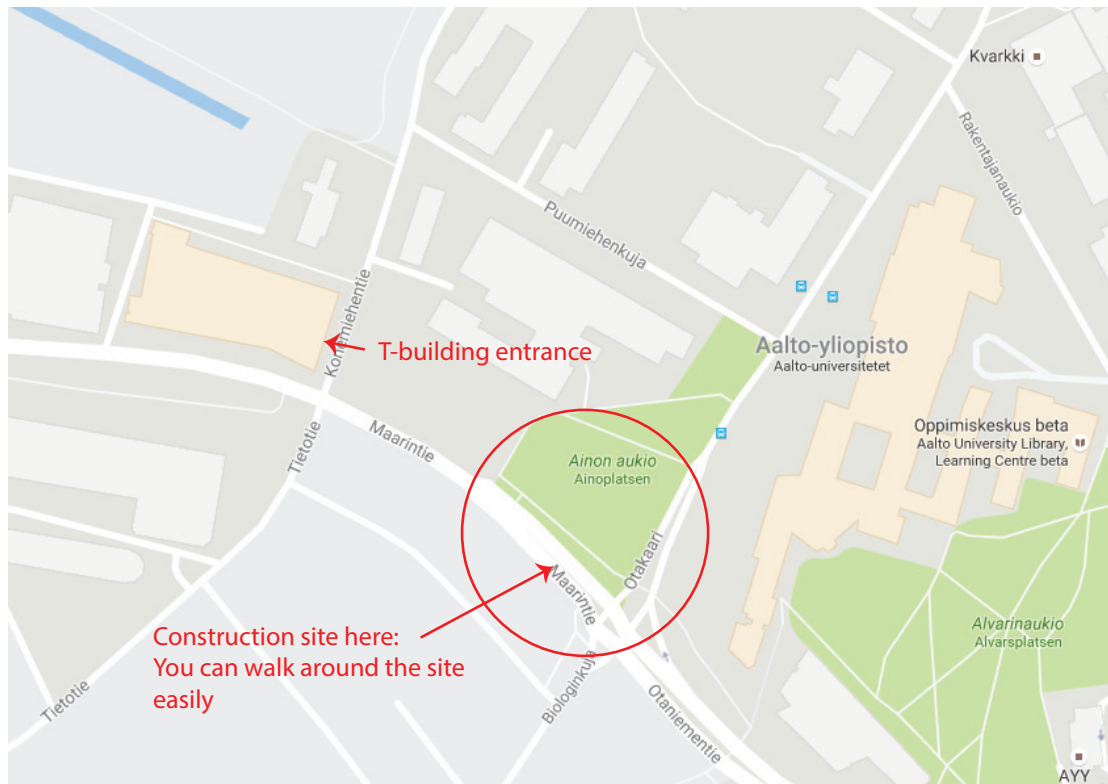

**Mobile phone:** If you require a Finnish telephone number, these can be purchased from R-Kiosk. Prices range from ~5 euros for talk and text and above for data packages. Please see <https://www.r-kiosk.fi/tuotteet/prepaid-liittymat/> for more details. Please note, you will need an unlocked phone for this to work.

**HSL day/weekly pass:** If you are travelling regularly between Aalto and Helsinki, then it might be more cost effective to buy a daily/weekly pass. Information and prices of these can be found here <https://www.hsl.fi/en/tickets-and-fares>. If you choose this option, **please make sure you take the pass valid for travel between Espoo and Helsinki**. You can also purchase these from R-kiosk.

**Language:** English is widely spoken around Helsinki to a very high standard. You should not have any problems communicating in English. All/most automated machines/kioks will have an English language option.

## Directions when on campus

The workshop will be held in the T-building, which is #30 on the Aalto campus map (on previous page). We recommend the entrance from Konemiehentie shown on the map below.

Below is how the entrance looks from Konemiehentie.

**The workshop will be in room T3.** After entering the building from the entrance (image above), go up the stairs to your right (T3 is on the 2<sup>nd</sup> floor). Keep left and go over the “bridge” and then T3 is immediately on the left. We will place signs there to make this clear.

Registration on Monday will be just inside of this entrance. You should see us when you enter the building

## Getting there from downtown Helsinki

Please note: the Helsinki – Otaniemi metro has been delayed and won't be available during the workshop but busses run regularly and take ~15 minutes.

From downtown Helsinki you can take the 102, 103, 102T or 103T busses from the Kamppi bus terminal. These busses take 15-20 minutes to reach the Aalto campus and run regularly (every ~20 minutes). The bus stop is a few minutes walk to the conference location.

Bus stops for arriving and leaving are in the same place but opposite sides of the road.

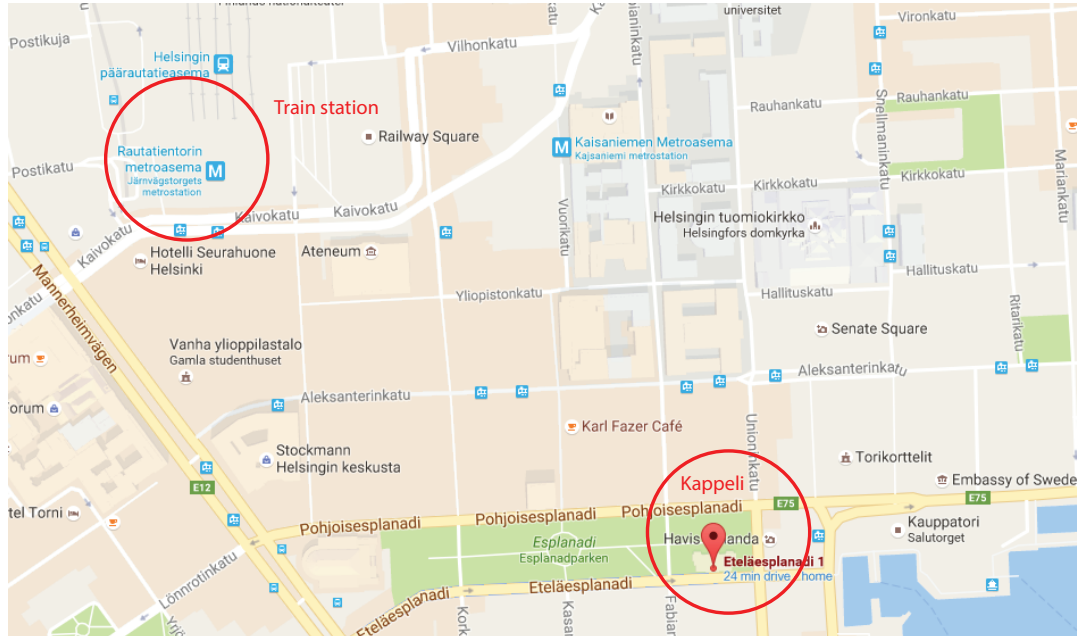

You can easily check bus times online using the HSL journey planner here: <http://www.reittiopas.fi/en/>

The map below indicates the location of the bus stop when you arrive from Helsinki.

## Directions to conference banquet on Wednesday

The conference dinner will be at the Kappeli restaurant cellar in downtown Helsinki. The restaurant is located in Esplanadi Park and is very easy to find. The address is: Eteläesplanadi 1, 00130 Helsinki.

## **Tourist information and trips**

<http://www.visithelsinki.fi/en>

Official Moomin Shop is located at Forum Shopping Centre

<http://www.forum.fi/en/>

### **Places to visit**
